[REFERRAL PROGRAM]

EMAMA REFERRAL PROGRAM

UP TO
50%
REFERRAL REWARDS

Earn recurring referral rewards when users you introduce to EMAMA purchase an active subscription.

At publication, current rewards are up to 50% of the subscription fee, paid under the active Referral Program Terms.

VERSION 1.1

RECURRING REFERRAL REWARDS

[THE MODEL]

RECURRING REFERRAL REWARDS

The EMAMA Referral Program lets users earn recurring rewards by introducing new traders to the platform.

This is not a one-time payment. It is recurring referral compensation under the active program terms.

Program Overview

Each participant receives a unique referral link and referral code. When a new user registers using your link or code and purchases a subscription, you receive the current referral reward defined by the active Referral Program Terms.

[01] Get your link or code

Open the Referral Program section in your EMAMA account and copy your personal referral link or referral code.

[02] Share it

Share your referral link or code with friends, colleagues, your audience, or your community.

[03] New user joins

A new user registers using your referral link or enters your referral code during registration.

[04] User is linked

The user becomes linked to your referral account after attribution is confirmed.

[05] Receive referral rewards

Whenever the referred user pays for an active subscription, you receive referral rewards according to the current Referral Program Terms.

[CURRENT REWARDS]

CURRENT REFERRAL REWARDS

The reward structure below is valid at the time this document is published.

The current offer is up to 50% and may change under the Referral Program Terms.

Basic Plan

Subscription price	\$20/month
Current referral reward	\$10/month (50%)

EXAMPLES

10 active referrals	\$100/month
50 active referrals	\$500/month
100 active referrals	\$1,000/month

Pro Plan

Subscription price	\$179/month
Current referral reward	\$89.50/month (50%)

EXAMPLES

10 active referrals	\$895/month
50 active referrals	\$4,475/month
100 active referrals	\$8,950/month

CURRENT REWARD = UP TO 50% OF SUBSCRIPTION FEE

All figures are examples based on the current program terms at publication and apply only while the referred user maintains an active paid subscription.

[EXAMPLE PORTFOLIO]

HOW RECURRING REWARDS SCALE

A mixed referral base can create meaningful recurring referral income without requiring every referred user to be on the same plan.

Example based on current rewards at publication.

20 users on Basic

$20 \times \$10 = \$200/\text{month}$

10 users on Pro

$10 \times \$89.50 = \$895/\text{month}$

TOTAL MONTHLY REFERRAL INCOME

\$1,095/month

Generated by this example mix while referred subscriptions remain active, subject to current Referral Program Terms.

[REFERRAL DASHBOARD]

TRACK WHAT MATTERS

The dashboard gives partners a clear operational view: who joined, what is pending, what can be withdrawn, and how much has been earned over time.

[01]

Referred Users

The total number of users referred by you.

[02]

Available to Withdraw

Referral rewards currently available for withdrawal.

[03]

Pending Commissions

Rewards that have been earned but are not yet available for withdrawal.

[04]

Pending Withdrawal

Withdrawal requests currently being processed.

[05]

Total Earned

Your total referral earnings since joining the program.

[06]

Total Withdrawn

The total amount successfully withdrawn.

[PAYOUTS]

WITHDRAW DIRECTLY FROM YOUR ACCOUNT

Referral rewards can be withdrawn directly from your EMAMA account after they become available for withdrawal.

[01] Minimum Withdrawal

1 USDT

[02] Supported Network

BEP-20

Binance Smart Chain

Payout Wallet

Before requesting a withdrawal, you must specify a valid BEP-20 wallet address in the Payout Settings section.

EMAMA is not responsible for transfers sent to incorrectly provided wallet addresses.

CHECK THE NETWORK AND ADDRESS BEFORE CONFIRMING A PAYOUT REQUEST

[ATTRIBUTION + RULES]

CLEAR ATTRIBUTION. NO ABUSE.

Referral Attribution

A referral is attributed when a user registers through your referral link or enters your referral code during registration.

Once successfully attributed, the referral remains linked to your account in accordance with the current Referral Program Terms.

Prohibited Activities

- Self-referrals
- Creating or using multiple accounts
- Fake or fraudulent registrations
- Misleading or deceptive promotional practices
- The use of bots, automation, or artificial traffic
- Any attempt to manipulate referral statistics

If fraudulent or abusive activity is detected, EMAMA may revoke rewards, suspend participation, or terminate the participant account.

[START REFERRING]

SHARE YOUR LINK. HELP TRADERS DISCOVER EMAMA.

NEXT STEP

[01] Share your referral link or code.

[02] Help traders discover smarter cryptocurrency market analysis.

[03] Earn recurring rewards while referrals stay active.

PROGRAM**

INSIDE YOUR ACCOUNT

Changes to the Referral Program

EMAMA may modify, suspend, or discontinue any aspect of the Referral Program at any time, including the reward percentage, calculation methodology, payout model, eligibility requirements, eligible products or plans, and program rules.

The referral reward available when you join represents the current offer and is not guaranteed for the full duration of participation.

FUTURE REWARDS

Changes apply only to rewards accrued after the effective date of the updated terms.

ACCRUED REWARDS

Rewards earned before changes remain payable under the terms in effect when they accrued.

Where reasonably possible, EMAMA will notify participants of significant changes through the website, user dashboard, or email before updated terms become effective. Continuing participation after updated terms take effect means acceptance of the revised Referral Program Terms.

Note: This document describes the current version of the Referral Program at publication and may evolve as EMAMA develops its products and ecosystem.
